

Your Saab may be affected by the Takata Airbag Safety Recall.

Without this FREE repair, your airbag inflator could explode when it deploys during a crash. If this happens, sharp metal fragments could pass through the airbag, striking you or your loved ones, causing serious injuries or even death. Recall repairs are FREE so schedule your repair immediately with your Saab Official Service Center.

COMPLETE YOUR REPAIR AND REDEEM YOUR \$50 MASTERCARD® REWARD CARD
